

There is only one ELITE Performance Group in the Santa Clarita Valley! 65 dancers strong, unbelievably talented, ages 5 to 22...This TEAM knows what their audiences want, a knock your socks off show, stimulation for the eyes, body, mind and soul! They never disappoint and always amaze!

ELITE Dance Studios is home to the ELITE Performance Group. Offering the most performance opportunities to any dancer in the SCV the studio is unbeatable. Directed by the ever innovative Jacqueline Hill, ELITE has taken Southern California by storm. Technically trained to dance and perform multiple styles of dance she continues to demonstrate personally what the dancers are expected to perform. Jacqueline has been dancing professionally since the early age of 11 and teaching professionally for over 19 years on more than 4 continents. Not willing to settle for mediocrity she guides ELITE toward incredible feats. Continuing to travel instructing other teachers "how to teach dance" she shares her hard earned knowledge and talent with dancers around the world.

The ELITE Performance Group shines under her leadership; as does the studio. With Santa Clarita's most acclaimed staff under her management no dancer slips through the cracks. Performance becomes an opportunity for dancers aged 2 thru adult. Dancers who choose not to perform receive continued unbiased class time.

ELITE offers the most advanced professional a place to strive; and is the studio that can take a beginner dancer of any age and get them performing professionally. Teach them how to dance! The ELITE Performance Group is open to trained dancers and beginners. Jacqueline has a theory about dance and performance...it's like college "you're not supposed to know everything when you start!" With this frame of mind a dancer can tackle any task and feel confident. With an extraordinary staff and incredible ability to motivate individuals to succeed ELITE Dance Studios and The ELITE Performance Group is the TEAM to join!

Don't forget about ELITE Petite! The youngest performance TEAM with the most experience and opportunity; already accustomed to audiences of thousands! ELITE Petite aged 4 thru 8, has the thrill of working with the TEAM gaining priceless knowledge from their older counterparts. Life long friendships are a beautiful byproduct of being on either TEAM.

ELITE Dance Studios is an exemplary studio. If you are interested in performance, dance, and a positive environment to train in...think ELITE! 2009/2010 TEAM year begins this summer. Congratulations 2008/2009 TEAM!

ELITE continually welcomes dancers from all studios to join the one and only ELITE Performance Group!
